Question 2:

Since I am currently employed with Bulgarian Ministry of Justice (MoJ), I would like to ask whether I would need to terminate my current employment in the event that my application is successful or I could be seconded from the MoJ.

The possibility of secondment depends on the national legislation and the terms of your current employment contract, so this question should be addressed to your HR department.

Question 3:

We are interested in whether there is any possibility to submit an application from a citizen not specified in your application?

Answer 3:

A citizenship of a Regional Anti-corruption Initiative's member country is one of the pre-requisites for the Head of Secretariat position. Additionally, the same position within Secretariat's Core International Staff cannot be held by a national of a country which previously held the position. Both positions of international staff of Secretariat cannot be held by nationals of a same country at the same time. The same principle applies for the Chairperson and Head of Secretariat positions. Hence, in order to be eligible for this particular vacancy, one should have one of the following citizenships: Albania, Bosnia and Herzegovina, Bulgaria, Croatia, Moldova, or Montenegro.

Question 4:

Please can you clarify me more about this requirement:

Answer 4:

Expert-level experience would entail an experience with mentioned organizations at a level that involves operational involvement and cooperation, rather than just a representation.
